

CHICAGO  
(Cook County) - Complaint No. CN2739

March 20, 1989

EPA Region 5 Records Ctr.

307706

The Honorable Clem Balanoff  
Illinois State Representative  
10100 South Ewing Avenue  
Chicago, IL 60617

Dear Mr. Balanoff:

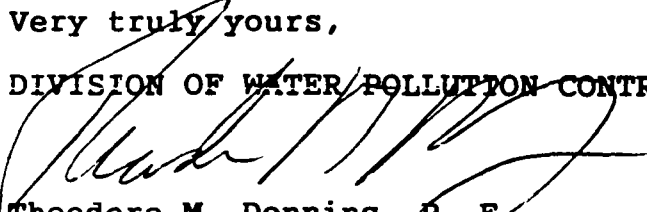

Your letter dated November 16, 1988 concerning the flooding of Mr. Rosenquist's yard from LTV Steel, arrived at this office on March 16. Apparently it was lost and then recovered in an Illinois Department of Public Health mailroom at 2121 West Taylor Street.

On March 17, we contacted Mr. Rosenquest. He indicated the flooding is not presently apparent, but that he would contact the IEPA directly should the problem recur.

If you have any further questions, please contact Mr. Rob Sulski in the Agency at the above phone number.

Very truly yours,

DIVISION OF WATER POLLUTION CONTROL

  
Theodore M. Denning, P. E.  
Manager Chicago Area Region  
Field Operations Section

Bernard Killian  
Ill. Environmental Protection Agcy.  
2121 W. Taylor  
Chicago, Ill. 60612

Dear Mr. Killian,

Ed Rosenquist of 10938 S. Buffalo Avenue in Chicago brought an environmental problem to my attention.

According to Mr. Rosenquist L.T.V. Steel is flooding the area behind his house with a liquid. The entire prairie is covered.

Any help you can provide in investigating Mr. Rosenquist's complaint would be appreciated. He can be reached at (312) 374-2194. Please keep me informed of your findings.

Sincerely,

Clem Balanoff  
10th Ward Democratic Committeeman  
and 35th District State Representative Elect
